---

## **Extension Coverage Survey 2003:**

### **Annex 2: Output Tables**

---

**November 2003**

## 1. Sampled households

**Table 1: By category, the number of sampled households**

	% (and no.) of households			Total
	Daily per capita income of <Tk 15	Daily per capita income of =>Tk 15 to <59	Daily per capita income of =>Tk 59	
Landless	103	106	15	224
Marginal	108	102	35	245
Small	101	104	59	265
Medium	96	106	45	247
Large	24	81	23	128
<b>Total</b>	<b>432</b>	<b>499</b>	<b>177</b>	<b>1,108</b>

Note: required no. of households per category is 82.

Total sample is 1,108 households (1,108 female respondents and 1,107 male respondents)

## 2. Agricultural practices

**Table 2.1a: % (and no.) of households in which male members have undertaken various agricultural activities during the last 12 months**

	Cultivated field crops	Cultivated vege.	Raised poultry	Cultured fish/ prawns	Raised livestock	Cultivated fruit trees	Cultivated forest trees
% (and no.) of hh's	75 (830)	58.4 (647)	38.4 (425)	24.7 (274)	62 (686)	58.9 (651)	46.8 (518)

Source: 3.1

Base: all sampled households

**Table 2.1b: % (and no.) of households in which female members have undertaken various agricultural activities during the last 12 months**

	Cultivated field crops	Cultivated vege.	Raised poultry	Cultured fish/ prawns	Raised livestock	Cultivated fruit trees	Cultivated forest trees
% (and no.) of hh's	9.5 (105)	75.3 (834)	85.7 (950)	5.6 (62)	51.3 (568)	40.9 (453)	22.5 (249)

## 14. Data in perspective

**Table 14.1: Data in Perspective**

<b>Scenario</b>	<b>1</b>	<b>2</b>	<b>3</b>
% of farm households receiving agricultural services/ advice	7.7	14.9	20
Equivalent no. of households	1,386,000	2,682,000	3,600,000
No. of households receiving advice/ year/ BS	134	260	350

Assumptions:

1. 18 million farm households (Report of the HIES 2000, BBS, March 2003)
2. Organisation has 10,280 BSs
